## FEATURES & SPECIFICATIONS

### PRODUCT OVERVIEW

White thermoplastic emergency exit/unit combo.

### CONSTRUCTION

Injection-molded, flame-retardant, high-impact, thermoplastic housing with snap-fit design components for easy installation. Universal J-box pattern. Universal chevrons are easily removed for directional indication. Fully assembled single face with extra faceplate for easy field-conversion to double face. Track and swivel arrangement permits full range of lamp adjustment.

### LAMP DATA

LED expected life is more than 10 years. Two 5.4W DC T5 wedge-base lamps for emergency light. High-output option yields 12W extra capacity.

### ELECTRONICS

Dual-voltage input 120V or 277V AC. Emergency combo provided with test switch, status indicator and rechargeable battery. Maintenance-free battery provides 90 minutes of emergency power.

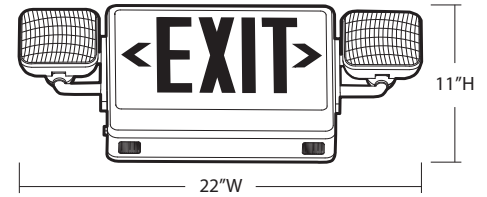

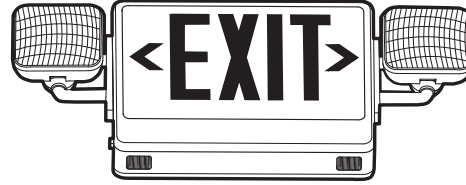

### LISTINGS

UL Listed. Meets UL 924, NFPA 101, NFPA 70-NEC and OSHA illumination standards. Indoor damp location (10°C to 40°C) listed standard.

### WARRANTY

One-year warranty.
